500.1 PURPOSE AND SCOPE

This policy provides guidelines for improving public safety through education and enforcement of traffic-related laws.

500.2 POLICY

It is the policy of the Talbot County Sheriff's Office to educate the public on traffic-related issues and to enforce traffic laws. The efforts of the Office will be driven by such factors as the location and/or number of traffic accidents based on citizen complaints, traffic volume, traffic conditions and other traffic-related needs. The ultimate goal of traffic law enforcement and education is to increase public safety.

500.3 DEPLOYMENT

Enforcement efforts may include such techniques as geographic/temporal assignment of office members and equipment, the establishment of preventive patrols to deal with specific categories of unlawful driving, and a variety of educational activities. These activities should incorporate methods that are suitable to the situation, timed to events, seasons, past traffic problems or locations and, whenever practicable, preceded by enforcement activities.

Several factors will be considered in the development of deployment schedules for office members. State and local data on traffic accidents are a valuable resource. Factors for analysis include, but are not limited to the following:

- Location
- Time
- Day
- Violation factors
- Requests from the public
- Construction zones
- School zones
- Special events

Office members assigned to uniformed patrol or traffic enforcement functions will emphasize the enforcement of violations that contribute to traffic accidents, and consider the hours and locations where traffic accidents tend to occur. Members will take directed enforcement action on request, and random enforcement action when appropriate, against violators. Members shall maintain high visibility while working general enforcement, especially in areas where traffic accidents frequently occur.

500.4 ENFORCEMENT

Traffic enforcement will be consistent with applicable laws and take into account the degree and severity of the violation committed. This office does not establish ticket quotas. The number of arrests or citations issued by any member shall not be used as the sole criterion for evaluating member overall performance.

Several methods are effective in the reduction of traffic accidents, including but not limited to:

500.4.1 WARNINGS

Warnings are a non-punitive option that may be considered by the member when circumstances warrant, for example when a minor violation was inadvertent.

500.4.2 CITATIONS

Citations should be issued when a member believes it is appropriate. When issuing a citation for a traffic violation, it is essential that the rights and requirements imposed on motorists be fully explained. At a minimum, motorists should be provided with (Md. Code TR § 26-201):

- (a) A copy of the traffic citation.
- (b) An explanation of the violation or charge.
- (c) The court appearance procedure, including the optional or mandatory appearance by the motorist.
- (d) Notice that:
 1. The motorist can enter a plea and pay the fine by mail or at the court.
 2. Acknowledgement of receipt of the citation is not an admission of guilt.
 3. Failure to acknowledge receipt of the citation may subject the motorist to arrest.

500.4.3 PHYSICAL ARREST

Physical arrest can be made for a number of criminal traffic offenses. These cases usually deal with, but are not limited to (Md. Code TR § 26-202):

- (a) A violation relating to vehicles transporting hazardous materials (Md. Code TR § 21-1411; Md. Code TR § 22-409).
- (b) A violation relating to the failure or refusal to submit a vehicle to a weighing or to remove excess weight from the vehicle (Md. Code TR § 24-111; Md. Code TR § 24-111.1).
- (c) The person does not furnish satisfactory evidence of identity.
- (d) The person refuses to acknowledge receipt of a traffic citation by signature (Md. Code TR § 26-203).

500.5 HIGH-VISIBILITY VESTS

The Office has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of office members, who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601).

500.5.1 REQUIRED USE

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn when increased visibility would improve the safety of the

office member or when the member will be exposed to the hazards of passing traffic, maneuvering or operating vehicles, machinery and equipment.

Examples of when high-visibility vests should be worn include traffic control duties, traffic accident investigations, lane closures and disaster scenes.

When emergency conditions preclude the immediate donning of the vest, members should retrieve and wear the vest as soon as conditions reasonably permit.

Use of the vests shall also be mandatory when directed by a supervisor.

500.5.2 CARE AND STORAGE

High-visibility vests shall be maintained in the trunk of each patrol and investigation vehicle.

A supply of high-visibility vests will be maintained and made available for replacement of damaged or unserviceable vests. The Quartermaster should be promptly notified whenever the supply of vests needs replenishing.
