501.1 PURPOSE AND SCOPE

This policy provides guidelines for responding to and investigating traffic accidents.

501.2 POLICY

It is the policy of the Talbot County Sheriff's Office to respond to traffic accidents and to render or summon aid to injured victims as needed. The Office will investigate and prepare reports according to established minimum reporting requirements with the goal of reducing the occurrence of accidents by attempting to identify the cause of the accident and through enforcing applicable laws. Unless restricted by law, accident reports will be made available to the public upon request.

501.3 RESPONSE

Upon arriving at the scene, the responding member should assess the need for additional resources and summon assistance as appropriate. Generally, the member initially dispatched to the scene will be responsible for the investigation and report, if required, unless responsibility is reassigned by a supervisor.

A supervisor should be called to the scene when the incident:

501.4.1 NOTIFICATION OF FAMILY

In the event of a life-threatening injury or fatality, the supervisor responsible for the incident should ensure notification of the victim's immediate family or coordinate such notification with the Medical Examiner, office chaplain or another suitable person. Notification should be made as soon as practicable following positive identification of the victim.

The identity of any person seriously injured or deceased in a traffic accident should not be released until notification is made to the victim's immediate family.

In the event of a fatality, members involved in notification should ensure that family members of the victim are provided with a victim's representation notification form, and advised of their right to file the form, as appropriate (Md.
